PLEASE REVIEW THE DUTIES OF NEIGHBORHOOD REPRESENTATIVES -- residents vote only for members of the Board of Directors and for changes to our Covenants. **All other voting is done by the Voting Members of the Neighborhood Representative Committees from each Street Neighborhood.**

- The Voting Member/s for the Neighborhood would represent and bring the votes from the homeowners of the neighborhood. For example, suppose the Board proposes to build an addition to the Town Center, build another recreational facility or other large expenditure and wishes to put the item to a vote to get the permission of the residents. The Representatives would conduct “voting” if directed by the Board of Directors.
 - Attend Association Committee Meetings.
 - Assist residents in understanding Rules and Regulations to help to avoid violations and fines.
 - Communicate to the Board all issues and concerns of your street. The Representatives act as liaisons to communicate Association/Board business to the homeowners and from the homeowners to the Association/Board.
 - Schedule and prepare Notice of Meeting and Proxy for election of Neighborhood representatives each year. Representatives should start planning Ninety (90) days prior to this date, by setting date, time and space. If meeting space will need to be held at the Town Center, please contact the Activities Director to book meeting at least (60) sixty days in advance. A Notice of Meeting and Proxy (samples provided) should be prepared by the Committee and should be provided to the Home Owners Association office no later than 45 days prior to the meeting to allow ample time for the notices to be mailed.
 - The Home Owners Association office should be notified of any updates or changes that would pertain to the Neighborhood Committee.
 - Coordinate social activities and events for your street, and if appropriate with other Neighborhood Representatives.

PREPARING FOR NEIGHBORHOOD REPRESENTATIVE ELECTION MEETING

1. Neighborhood representatives are elected for one year or until replaced. An election should be held yearly or as vacancies occur. Setting up a Neighborhood election is the responsibility of the **present Neighborhood Representatives**.
 2. **Steps for setting up the election:** Representatives should start planning **(90) ninety** days prior to this date, by setting date, time and space. If meeting space will be needed at the Town Center, please contact the Activities Director to book meeting at least **(60) sixty** days in advance. A Notice of Meeting and Proxy (samples are enclosed) should be prepared by the Committee and should be provided to the Home Owners Association office no later than **(45) forty-five** days prior to the meeting to allow ample time for the notices to be mailed out.
 3. Three or four days before the election canvas the neighborhood reminding residents to attend. Those indicating they can not (will not) attend should be asked to fill out a proxy and give it to one of the present Neighborhood Representatives or to the person of their choice who will be attending the election. There is space on the proxy for the person who can vote the proxy. This right may be reassigned using the form at the bottom of the proxy. The election can be combined with a social gathering such as street party; for example with each attendee bringing a covered dish.
 4. On the night of the election, follow the steps indicated in the sample election procedures and minutes. A quorum is necessary for a valid election. Thirty percent of the residents present in person or by proxy is a quorum. A quorum allows the election or reelection of up to the three representatives allowed. If fifty-percent of the residents are present in person or by proxy, up to five representatives may be elected or reelected.
 5. One Voting Member is required for each fifty residents or part thereof. Up to ***fifty*** residents have **ONE** Voting Member. ***Fifty-one or more*** would have **TWO**. ***In excess of 100*** residents would have **THREE**. If Representatives are elected by ***unanimous vote***, the Representatives will decide among themselves who the Voting Member(s) will be. ***If more than the three or five Representatives allowed are nominated, a paper ballot must used rather than a show of hands***. Provisions must be made beforehand for the typing and reproducing the paper ballot. The Representatives receiving the highest number of votes are the Voting Members.
